## TEAM OF THE WEEK - OPEN CUP CHAMPS! 2009 WHITE BOYS

The 2009 White Boys went to Baton Rouge to defend their Open Cup win from the previous season. For our opening round, we had PSC 09/10. We had a strong showing and shut them out for a big win. The 2nd game was against BRSC 09 Red. Having met in a previous tournament, we were ready for a battle. The decision seemed to come early from two crosses that we converted. The final score was 3-1. With fantastic field conditions, we played Mandeville for the title. Their defense was holding up well until the 17th minute. Our #56 Jose Corrales was able to isolate a defender and convert on a breakaway. Neither side was able to convert their chances and the one goal separated us until 5 minutes from the final whistle. #33 Angel Mejia was able to overpower the center back and secured the win with a strong left footed shot.

## TEAM OF THE WEEK - OPEN CUP CHAMPS! 2012 GOLD BOYS

The Boys' 2012 Gold team secured its first silverware of the season thanks to hard work, team work and some brilliant displays by several individuals. In their first game, they had an intense 4-4 tie against a team they would see again in the final. Next up, rivals Westbank FC who were eliminated. The boys then moved on to a must-win match against BRSC, where they maintained possession with poise, allowing only 1 attempt on goal from the home team. The boys would meet Carranza again in the finals in another intense match. Leo Serna put the boys ahead with a strong shot from outside the box. A strong defensive performance was the key as the boys, behind the efforts of Landon Thomas and Bryan Lopez, held on to the lead. Then with 10 minutes left, Otavio Silva got another goal with a well-placed shot to the side net after a great first touch. This was enough to seal the deal. Congrats, boys!

## PLAYERS OF THE WEEK

### COLE SEEGER 2009 WHITE BOYS DEFENDER

Cole Seeger #24 played an excellent Open Cup in Baton Rouge. In charge of the back line for 09 White, he played every minute of the tournament. With him as center back, we were able to win the ball in the air numerous times and gain key turnovers in our defensive third with the coolness of a Chiellini.

He is an essential part of the attacks we build, and his free kicks are dangerous every time.

Colie is an outstanding leader on the field, always good for a joke, and a great example how one can mature in the LA Fire system.

We are grateful for this teammate and the wonderful season we shared.

---

### BRYAN LOPEZ 2012 GOLD BOYS DEFENDER

Bryan was a standout this weekend for the 2012 Boys Gold as his defensive prowess helped the team to an Open Cup Championship.

Bryan is a hard working player who puts everything into practice and games. He can play numerous positions across the backline, but in the final he really showed up as a defensive ventral midfielder, counteracting the opponents long ball style, mopping up everything that was thrown his way.

Bryan is a favorite amongst his team, and despite an initial language barrier, he has gelled brilliantly with the rest of the boys.

Bryan is a coach's dream: playing wherever his teammates need him and always setting a great example.

# HOW LIVERPOOL BECAME CHAMPIONS – SLOT’S MAGIC FORMULA

In many ways, Slot's main job has been to build on and improve the outstanding squad left behind by his predecessor, who averaged 80.33 points in his last three seasons at Anfield.

Three more victories would mean Liverpool break the 90-point barrier after Slot tightened the defense and brought more control to the midfield.

"They've amassed these points by winning when it's hard, winning when it's ugly, winning when the opposition have put up a fight," adds Atkinson.

"Liverpool have managed to do that – none of their rivals have."

While Federico Chiesa was the only addition to Slot's squad for this season, the Dutch coach has improved players, including Ryan Gravenberch, who has grasped his opportunity at the base of Liverpool's midfield after the club missed out on signing Martin Zubimendi from Real Sociedad. With 28 Premier League goals and 18 assists in 34 appearances – compared to 18 goals and 10 assists in 32 appearances in Klopp's final season – Mohamed Salah's figures under Slot have been seriously impressive.

Gravenberch's Netherlands team-mate Cody Gakpo has provided 17 goals in all competitions in 2024-25, beating his tally from last season.

"In his first meeting with the players, Arne had all the data from the season they were champions in 2019-20 and all the data from the final season under Klopp," adds Westerveld.

"Last season, compared to the title season, there were less sprints, the team was less effective. Instead of saying to the players, 'come on, work hard,' he was telling them exactly what they had to do and needed to know showing them all the data."

There have been tweaks off the field too, with Slot implementing a new routine for how his players build up to games.

Under Klopp, the day would begin later, but this season players have been at the training ground in Kirkby, about six and a half miles from Anfield, at 9.15am for breakfast.

Slot and his backroom team have introduced a process known as 'body wake-up,' which involves breathing exercises before both training and matches.

Under Klopp, the Liverpool squad would stay together in a hotel before home games. That is no longer the case, with players allowed to remain at their own homes.

Training sessions have been longer than before but less intense to reduce injury risk, with fitness issues undermining several campaigns in recent years.

Just goes to show that sometimes you don't need to make big signings or try to reinvent the wheel, just a few subtle changes can win you a Premier League Title.
